How can I protect myself?

You should follow these tips to reduce your risk of the new coronavirus, as well as any cold, flu or respiratory virus:

- + Avoid close contact with people who are sick.
- + Avoid touching your eyes, nose and mouth with unwashed hands.
- + Wash your hands often with soap and water for at least 20 seconds.
- + Use an alcohol-based sanitizer if soap and water are not available.
- + Disinfect frequently touched objects and surfaces.
- + Wear a mask or face covering in public places and when around anyone not in your household.
