This grant provides a portion of the personnel costs associated with the PAL Director. In addition, it provides funds for community service projects with local youth. All personnel costs associated with the PAL Director would be charged to the Safety Services Fund if future grants are not awarded.

General Assumptions

A fiscal impact statement constitutes a forward-looking statement on the acceptance of funds from sources other than City revenue such as grants and the proper execution of all requirements as set forth in any grant application, agreement, or other duly enforceable stipulations.

In any case where a reasonable expectation of a future condition or event has been disclosed or is already known to Finance Department personnel, that information has been used as an assumption in the fiscal impact statement. Expectations not known or not considered reasonably expected to occur have been excluded from the fiscal impact statement. If an event or condition may occur which would have a material and *direct* fiscal impact, but is not reasonably expected to occur, it is disclosed in the fiscal impact statement.

General assumptions are made in this fiscal impact statement that the City staff executing the grant program already possess the required knowledge to perform all of the requirements of the grant, and that the information provided to the Finance Department to prepare this impact statement is true and correct. It is also assumed that no outside events will create a positive or negative influence on the grant program, and that there will be no changes in the legal, operational, or economic environment in which the grant program and the City as a whole operates, except as disclosed herein.
