D&D in a Castle's First U.S. Event at Landoll's Mohican Castle, Ohio, Sells Out in Record Time

Tabletop Vacation's D&D in a Castle, renowned for its immersive DUNGEONS & DRAGONS experiences in historic castles, under license by leading toy and game company Hasbro, proudly announces the rapid sell-out of its first event in the United States. Scheduled for July 14-18, 2024 at a beautiful castle on the border of the Mohican Forest, the event was fully booked within 33 minutes of ticket release, underscoring the extraordinary demand for this unique experience. Founded by siblings Cameron and Tara Rout, D&D in a Castle uniquely combines Cameron's D&D expertise with Tara's knowledge of castles and history to create unparalleled gaming retreats.

Their collective passion has captivated D&D enthusiasts globally, offering a perfect blend of fantasy gaming in picturesque settings. The July event's rapid sell-out bodes well for the company's expansion and popularity in the U.S.

"We started with a dream to integrate the immersive experience of round-the-clock D&D with the fantastical setting of castles," said Tara Rout, Co-Founder & CEO of D&D in a Castle. "Launching in the U.S. at Landoll's Mohican Castle, a location steeped in architectural beauty and history, is a realization of that dream and a milestone for us."

Exciting Announcement: Additional U.S. Events at Landoll's Mohican Castle in 2024

Given the high demand, D&D in a Castle is delighted to announce two additional U.S. events at Landoll's Mohican Castle, set for **August 11-15 and 18-22, 2024**. Like the July event, these will feature intensive D&D sessions, themed meals, and opportunities to engage with prominent figures in the DUNGEONS & DRAGONS community.

"D&D in a Castle is about creating extraordinary experiences," said Justin Kautz, Event

Coordinator of D&D in a Castle. "The sell-out of our first U.S. event and the addition of a second one is a dream come true. We look forward to bringing more such magical events to our community.
