3:00PM**

**REFRESHMENTS  
PROVIDED**

As a part of the PLAN Ontario process that began in September 2023, over 1,500 residents, students, and other stakeholders have provided input for the future of Ontario. Many have identified the “Old Ontario” neighborhood (Park Avenue West and Shelby-Ontario Road/Lexington-Ontario Road) as an area they would like to see developed as a community-oriented space connected to Marshall Park and Ontario Local Schools. As a result, the city will be hosting a planning session for all residents to seek input on ways to reimagine and redevelop the area.

The planning session will focus on:

- 1) Examining the existing conditions of the area, and
- 2) Identifying opportunities for growth and redevelopment.
