Presenter Program

Welcome, and thank you for being here! Today we will do our best to present all the awards within 2 hrs, and here are a few ways you can help keep everything moving.

1. While the scholarship immediately before yours is being presented, please **move to the empty chairs marked RESERVED** directly behind and to the left (as you face the audience) of the podium. This will allow for faster transition between presenters. This program contains the order of presenters.
2. If your scholarship is being awarded to more than 1 student, **announce all recipients at once** without allowing applause in between names. Continue announcing names even if applause starts too soon, the audience should “get it”.
3. After you have presented, follow directions from the photographers. They will point you and your recipients to the side for 'posed' photographs instead of right up front, which in the past has caused us to pause the flow of presentations. The next presenters **should** begin speaking while the photos are being taken.

Also, if you need to leave at any point please feel free to do so. We will take a 1-minute, at-your-seat, stretch break right around 10am.

Many thanks,

Eddie

Opening remarks by Principal Mr. John Gies
